Dear Larry:

I write to express my sincere appreciation to you, Dale Jackson, and the rest of the ESI team for the successful completion of our 55,000 square foot Freezer/Dairy Cooler expansion in Woodburn, Oregon. As with any expansion of an operating cold storage facility, there were plenty of challenges encountered along the way, but in spite of every curve ball that man, nature, and client threw your way, ESI completed the job on schedule and under the GMAX, with no whining! I can't recall a single instance during the project where we did not receive a prompt and professional response to a question or problem. I would not hesitate to recommend ESI to others contemplating similar projects, and I would be happy to serve as a client reference in the future.

Again, thank you, and I hope we get the chance to work together again in the future.
